this fourth edition of community care practice and the law has been fully updated to reflect the rapid and continuing legal policy and practice changes affecting community care it provides comprehensive and jargon free explanations of community care legislation as well as other areas of law directly relevant to practitioners

this book is written with occupational therapy students in mind as a guide to newly qualified occupational therapists and for those returning to work after a break in service over the years i have been asked many times by newly appointed staffwhether i could recommend a book to prepare them for working with orthopaedic patients i hope this small volume will fill the gap in the literature on the subject and that it will be useful as a quick reference book i hope it mayalso fall into the hands ofthose in other disciplines and enable them to understand and appreciate the contribution of the occupational therapist to the rehabilitation team this is the era ofjointreplacement with ever increasing demand forprimary and revision surgery improved implants and improved surgical techniques are constantly being researched surgery for bone tumour is less mutilating and more hopeful than ever before operations to release tendons and soft tissue contractures tendon transfers osteotomies spinal fusion joint fusion etc are performed on patients with neurological problems thus improving function and appearance and preventing further deformity these are some examples of procedures in this exciting and fast developing field while hospital beds are occupied for an ever shorter period of time and the potential for occupational therapy is enormous if surgery is to be successful the importance of assessing the patient as a human being cannot be over emphasised souter 1987 this is precisely the approach of the occupational therapist

this comprehensive book explains the provision both law and practice of equipment and home adaptations to assist older or disabled people in daily living characterised by ill defined statutory responsibilities and terminology and an under developed consumer retail market the system of provision has long been recognised as chaotic

and confusing for professionals and public alike this is despite the fact that equipment and adaptations are meant to be a central plank of community care necessarily wide ranging but maintaining its focus the book aims critically to describe the system and thereby promote better practice by exploring boundaries and breaking points it will assist people to understand the law when things go wrong from negligence to judicial review and from contract to product safety legislation the range of items covered is great from alarms to artificial limbs baths to bedrooms chopping boards to crutches electronic toothbrushes to environmental controls hearing aids to hoists incontinence pads to ironing equipment rails to ramps speech aids to stairlifts and walking frames to wheelchairs

contains a list of all manufacturers and other specified processors of medical devices registered with the food and drug administration and permitted to do business in the u s with addresses and telephone numbers organized by fda medical device name in alphabetical order keyword index to fda established standard names of medical devices
